

POWER GENERATING STATIONS

Lube and Hydraulic Oils – Remove dirt and water. Use:

- TOC30 three stage design to restore turbine lube oil to a clean dry condition.
- Velcon portable or stationary units containing **Aquacon**® cartridges.
- Existing housing-retrofit with **Aquacon**® cartridges for dirt and water removal and PL series pleated media cartridges or FOS synthetic media cartridges for particulate-only removal.

Compressed Air – Remove particles and moisture. Use:

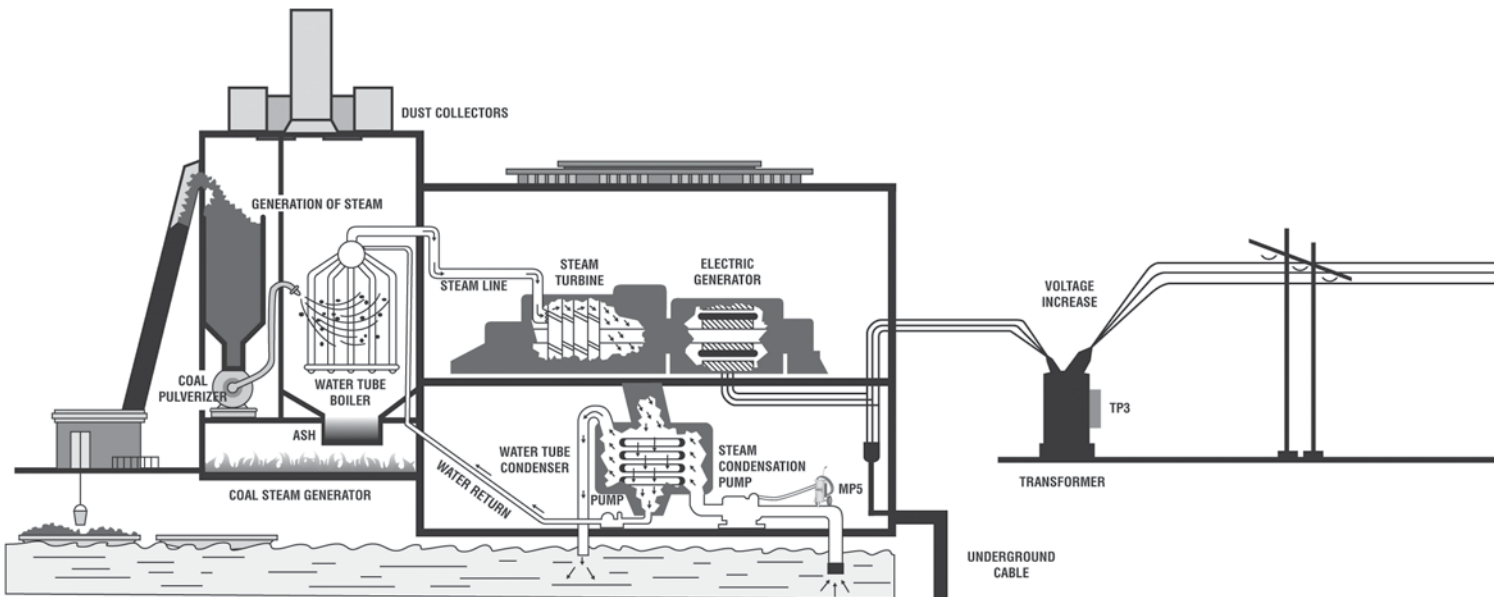

- **Aquacon**® Cartridges - designed to guarantee moisture-free instrument air.

Liquid Fuels – Remove dirt and water from liquid fuels used on gas turbines at peaking stations. Use:

- Velcon Filter/Separators and replacement coalescer cartridges; **Aquacon**® cartridges.

Natural Gas – Remove dirt and water. Use:

- FO-436G and FO-472G filter cartridges in existing housings.

MAINTENANCE GARAGES

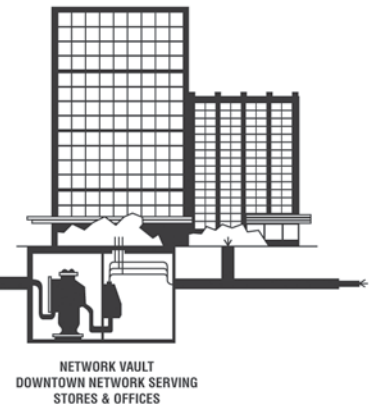

Gas pumps equipped with Vel-Max® Filter Vessels

Diesel Fuel and Gasoline – Remove water and dirt from fuels before dispensing into truck or car fuel tanks. Use:

- Vel-Max®, VF-61E or VF-31E with **Aquacon**® cartridges on each diesel and gasoline dispenser pump.

Hydraulic Oil – Remove dirt and water to protect mobile lift equipment and eliminate oil replacement costs. Use:

- Portable filters with **Aquacon**® cartridges for routine maintenance service.

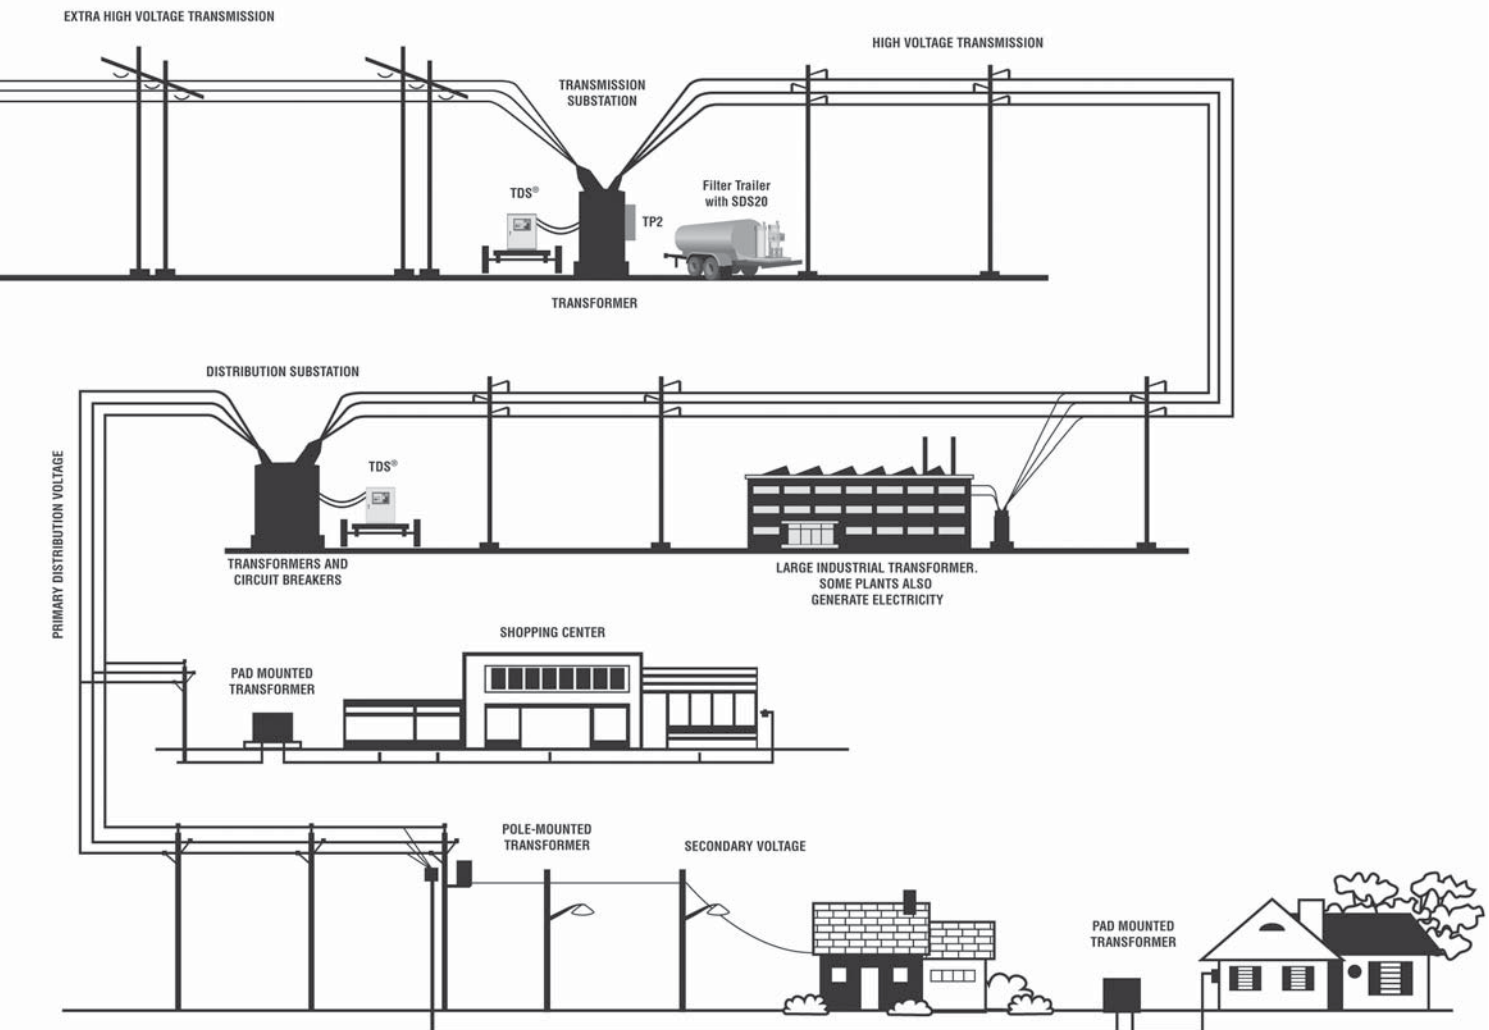

SUBSTATION MAINTENANCE AND TRANSFORMER REPAIR FACILITIES

Transformer and Circuit Breaker Oils at all transformer repair shops and substation maintenance locations. Superior dirt and free water removal with positive shut-off protection **Aquacon**[®] cartridges. Dissolved water removal with **Superdri**[®] cartridges. Use:

- AC-80 series **Aquacon**[®] cartridges to retrofit Alsop and Cuno housings.
- SD Series **Superdri**[®] cartridges for dissolved water removal.
- SDS20 **Superdri**[®] System for filling transformers, general oil filtration and dehydration.
- HP Series or MP5 Portable Filters to handle routine cleaning and transfer operations.
- TP2 oil filter to remove contaminants from transformer load tap changer oil without interrupting service.
- TDS[®] Transformer Dry-Out System for on-line transformer dehydration.
