

IMPORTANT NOTICE
FROM VELCON FILTERS, INC.
TO HYDROKIT PURCHASERS AND USERS
DISCLAIMER OF WARRANTIES
AND
LIMITATION OF REMEDIES AND DAMAGES
APPLICABLE TO ALL SALES OF HYDROKIT®

HYDROKIT is a device designed for field use to detect the presence of gross free water in aviation turbo fuels. HYDROKIT has been extensively used in the field for determining when excessive free water contamination is present.

Velcon believes that the information upon which the HYDROKIT Brochure and enclosed Instruction Card are based is reliable. However, especially in view of the amount of consideration received therefore, neither Velcon Filters, Inc. nor any of its affiliated companies make any guarantee as to the accuracy of HYDROKIT, the HYDROKIT Brochure, or the Instruction Card. Furthermore, there are no guarantees or warranties, express or implied, of merchantability, fitness, or suitability for any particular purpose, or otherwise.

In the event of HYDROKIT failure due to HYDROKIT shown to be defective, even if as a result of negligence or other fault, purchaser's exclusive remedy shall be product replacement or purchase price refund. Velcon Filters, Inc. and its affiliates shall not be liable for any indirect, special, incidental, consequential, or other damages.

The HYDROKIT user is responsible for properly using the device, for careful interpretation of results, and for conducting any other tests deemed appropriate to determine the suitability of the fuel being evaluated.
