

PRESS RELEASE

April 3, 2008

Successful API/EI 1581 5th Edition Qualification

Colorado Springs, CO, USA –

Velcon Filters, Inc. is pleased to announce the successful completion of a qualification test for the “*API/EI 1581 Specification and Qualification Procedures for Aviation Jet Fuel Filter/Separators, Fifth Edition*” as follows:

Category C (Commercial), Type S-LW, with Jet-A fuel

Filter/separator vessel (Horizontal side-open) **HVS-3033** at **1023 gpm**,
with 14 x I-628C5TB coalescers and 8 x SO-609V5 separators

This is Velcon’s 18th successful completion of the API/IP 1581 qualification requirements for the fifth edition of this specification.

Velcon Filters, Inc. has been the leader in the fuel filtration industry for over 50 years. To upgrade your existing facilities, or to install new API/EI 1581 5th Edition equipment at your location, please contact Velcon at vfsales@velcon.com or contact your authorized Velcon distributor.
